Only two weeks until close abstract submission

The opportunity to submit your abstract for the 24th Regional Congress in Kuala Lumpur will close **August 4, 2013 at 23.59 hours CET**.

Why not take the opportunity to share your scientific work with others by submitting an abstract to the congress. You can do so [here](#) before the deadline as mentioned above. Click [here](#) for more information on abstract submission.

If you need help or review of the structure and language of your abstract, please send an e-mail to the ISBT Central Office. The deadline for this service is **Monday July 29, 2013 at 17.00 hours CET**.

Please click [here](#) for more information on abstract submission.

### Scientific programme

The ISBT Academy programme includes educational sessions at the Academy day December 1, on transfusion transmitted infectious diseases, donors, quality, haemovigilance, immunohaematology and platelet immunology and an exciting scientific programme which will include three plenary sessions:

1. It's all about red cells
2. It's all about platelets
3. It's all about blood safety

Full details of the programme can be found [here](#).
